

Securities (Stocks, Bonds, Mutual Funds, Etc.)

Members can donate securities directly to Good Shepherd. This allows you to donate without having to claim the capital gains tax on your investment.

- This is called an “in-kind” donation.
- Best suited for investments that would otherwise case a large capital gains tax if they were sold.
- In addition to saving money on capital gains tax, you could also receive a tax deduction for your donation.

Please contact the church finance team at: admin@goodshepherdigh.com for more information. Thank you for your support!

NOTE: Please contact your financial or tax professional prior to making this type of donation. The information on the church’s website is not intended to be used for investment, tax, or legal advice.
